Swarthmore Farmers' Market Returns

The Saturday farmers' market will be back again this year. The start date is scheduled for May 16. Since this a local producers' market we are always dependent upon our local growing season.

The market will run each Saturday, rain or shine, until late November. Any local business that would like to participate is encouraged to contact Marty Spiegel at swarthmoretowncenter@comcast.net to discuss their possible involvement.

New Businesses in Town

We would like to welcome a few new faces to our town center business district

King's Jewelers opened their store at 409 Dartmouth Ave. They carry a full line of jewelry and specialize in repair as well as custom design. Owner, Yuri Syabrenko, has extensive experience in the field. Stop in and see their displays.

The **Boutique of Joy** has opened at 21 S. Chester Rd. and has a wide array of women's consignment clothing, shoes, accessories, jewelry and more. Christine Joy is the owner/operator and they are open 7 days a week.

Azim Naderpoor of the new **ARIA** restaurant is working feverishly to get the restaurant opened and hopes to also return to the farmers' market.

Parent Weekend at college April 16-17

Parents of prospective students will be visiting the college on April 16-17. Let's help make them feel welcome when they visit the town.
